

Country by Country

GLOSSARY

MARKET VALUE: Share price on May 31, 2000, multiplied by latest available number of shares outstanding, translated into U.S. dollars at May month-end exchange rates. Market value may include several classes of stock; price and yield data are based on the company's most widely held issue.

SHARE PRICE AND ANNUAL CHANGE: Closing per-share

price on May 31, 2000, in U.S. dollars. Annual percent change from May 31, 1999, to May 31, 2000, both in U.S. dollars and company's local currency.

PRICE/BOOK VALUE RATIO: The ratio of May closing price to latest available net worth per share or common shareholders' equity investment.

PRICE/EARNINGS RATIO: The ratio of May 31 closing price to latest 12-months' earnings per share.

YIELD: Latest 12-months' dividends per share as a percent of May closing price.

SALES: Net sales reported by company, translated at May 31 exchange rates; revenues for banks and other financial institutions are not included because they are not comparable to those of industrial companies.

PROFITS: Latest aftertax earnings available to common shareholders, translated at

May 31 currency exchange rates; profits are from companies' continuing operations before extraordinary or special items. Sales, profits, and assets are for 1999 fiscal year unless noted.

RETURN ON EQUITY: Latest 12-months' earnings per share as percent of most recent book value per share.

INDUSTRY CODE: For key to the two-digit code, see page 74.

Data for individual companies: Morgan Stanley Capital International Inc., unless otherwise indicated. For further information on MSCI data, contact Morgan Stanley Dean Witter at 212-762-5790 (New York) or 44 20 7425 6660 (London) or 41 22 817 9800 (Geneva). Country composites and rankings calculated by BUSINESS WEEK. Additional data by Compustat provided by Standard & Poor's Institutional Market Services, if footnoted.
