Country by Country

GLOSSARY

MARKET VALUE: Share price on May 29, 1998, multiplied by latest available number of shares outstanding, translated into U.S. dollars at May month-end exchange rates. Market value may include several classes of stock; price and yield data are based on the company's most widely held issue.

SHARE PRICE AND ANNUAL CHANGE: Closing per-share

price on May 29, 1998, in U.S. dollars. Annual percent change from May 30, 1997, to May 29, 1998, both in U.S. dollars and in each company's local currency.

PRICE/BOOK VALUE RATIO: The ratio of May closing price to latest available net worth per share or common shareholders' equity investment.

PRICE/EARNINGS RATIO: The ratio of May 29 closing price to

latest 12-months' earnings per share.

YIELD: Latest 12-months' dividends per share as a percent of May closing price.

SALES: Net sales reported by company, translated at May 29 exchange rates; revenues for banks and other financial institutions are not included because they are not comparable to those of industrial companies.

PROFITS: Latest aftertax earn-

ings available to common shareholders, translated at May 29 currency exchange rates; profits are from companies' continuing operations before extraordinary or special items. Sales, profits, and assets are for 1997 fiscal year unless noted.

RETURN ON EQUITY: Latest 12-months' earnings per share as percent of most recent book value per share.

INDUSTRY CODE: For key to the two-digit code, see page 77.

Data for individual companies: Morgan Stanley Capital International, unless otherwise indicated. For further information on MSCI data, contact Morgan Stanley Dean Witter & Co. at 212-761-8141 (New York) or 071-425-6660 (London). Country composites and rankings calculated by BUSINESS WEEK. Additional data by Standard & Poor's Compustat, a division of The McGraw-Hill Companies if footnoted.
